JANUARY SALE of WHITEWEAR

Your Choice \$1.50

This Price Only Covers the Actual Cost of Material, Making and Selling!

There's no direct profit for either the makers or ourselves, no matter how many we sell, at this figure. But as a January Sale leader we do not remember ever offering its equal!

It was simply a case of the manufacturer being hard pressed to keep his operators and machines from being idle, and of us wanting special values for this month, and happening in on him at the right moment. The result is an exceptional opportunity for you to buy fresh stylish waists at a saving.

Study the three illustrations here. They were reproduced by our artist from the exact waists in the sale. The styles are the very latest approved by Dame Fashion—with all the distinctive new touches, such as vest effects, extended shoulders, low necks, high necks and long sleeves. Made of imported white voile—the style shown at the right having collar and cuffs of light blue, flame, tan or mahogany French Ratine.

Every waist is perfect in fabric, fit and finish; all sizes from 32 to 42. Special January Sale **\$1.50** price, your choice only.

MUSIC AND THE DRAMA

The "Old Eye," a French farce and one of the best offerings of its nature that has been played behind the footlights at the Grand, for several seasons, and both on Wednesday night and yesterday, matinee and evening, and it was indeed deserving of patronage. While a play of its nature does not always find favor with Hamilton theatregoers, it had much merit, although in the hands of a less capable company it would have been a good deal of a joke. The plot if such it could be called, had for its purpose the displaying of the tenacity of many otherwise good husbands to seek a short holiday in the company with congenial lady friends, and in "The Old Eye" the scene of the merry-making was, of course, Paris. The rather original source offered by the two instances in their ways that they intended carousing with a countess, a ballet actress, and the seditious situation were developed by the appearance of the real count when the countess was not acquainted with, as well as a private detective, retained by the wife and who made himself known to the countess. All the play was through the play was of a laugh producing nature.

"THE KID" AT GRAND.

"The Kid," Gene Stratton Porter's sentimental story of "The Littlest of the Littlest," will be presented at the Grand tonight and to-morrow, matinee and evening. "The Kid" is a story of a young girl, who, after a long and arduous journey, finds love and happiness in the arms of a young man. The play is a beautiful story, and the acting is of the highest order. It is a play that will give you a new idea of the power of love and the strength of the human spirit.

"THE CANADIAN EXPRESS."

The Varieties, a company of English comedians, touring the world, will appear at the Grand Thursday, Friday and Saturday of next week in a musical play called "The Canadian Express." The play is a story of a man who goes to Canada to find a wife, and the play is a beautiful story, and the acting is of the highest order. It is a play that will give you a new idea of the power of love and the strength of the human spirit.

DICKENS AT GRAND.

Mr. Tom Terriss, the celebrated English actor, and his company will appear at the Grand Thursday, Friday and Saturday of next week in a musical play called "Dickens." The play is a story of a man who goes to London to find a wife, and the play is a beautiful story, and the acting is of the highest order. It is a play that will give you a new idea of the power of love and the strength of the human spirit.

WATER NIGHT AT GRIFFIN'S.

Tonight is amateur night at Griffin's theatre, and those desiring to attend should be there if they secure seats in advance as it is one of the nights of the year when hundreds are turned away.

ALD. THOS. ROBSON, Re-Elected in Ward No. 7.

Independent—Aldermen Young and Tyrrell—2

If the independents go one way, it would fall to the mayor to break the tie, providing they all voted as above.

The defeat of the by-law to give the library authorities \$50,000 is not worrying Mayor Allan or others much. The Library Board has the power to issue debentures with the consent of the City Council, and to pay the interest and sinking fund out of its half-annual rate, and this may be the course adopted. The strange feature of the situation is that the north end, where the money in question would likely be spent in the construction of a branch library, practically defeated the issue. "Because they didn't understand," observed Mayor Allan today.

T. J. Stewart is believed that the electorate of Hamilton should have placed him second on the Hydro Commission. He was quite persistent to give it all his time to the work. He was controller of the Property Committee two years ago, and he expects to return there, particularly as ex-controller Bird, whose place he may take, was in the same position. "I want to thank every one of my supporters," he said today, and according to the details returned, he has many in every part of the city.

HYDRO COMMISSIONERS

Declining the chairmanship of the Works Committee, however, is not going to stop Ald. Birrell, being one of the chairman during the year. He has eyes on the Fire, Police and Jail Committee and is considered by many to be entitled to that. Last year, the Toronto, he should have been appointed by virtue of his long experience. But Ald. Hopkins kicked up such a fuss that the former gave way. He is in a different mood this year, however, and is not at all averse to meeting the doctor on the street. A merry fight is expected here, as Dr. Hopkins is particularly anxious to retain the chairmanship.

According to Mayor Allan, it is altogether likely that Dr. Davey, one of the brainiest members of the council, will be left as chairman of the Legislation and Reception Committee. His record of 1913 equals that of any former chairman, if not surpassing it. His sane view of all questions in connection with the city government, his faith in him, and there are some who think he should be elevated to head of the Board of Works or Fire, Police and Jail committees.

SIX CANADIANS WERE HONORED

By Their Sovereign on the New Year.

FIVE PEERAGES

Given to Britons for Distinguished Services.

London, Dec. 31.—Six Canadian names appear in the New Year honours list, made public here tonight. Sir Francis Charles Langford, Lieutenant-Governor of Quebec, and Douglas Colin Cameron, Lieutenant-Governor of Manitoba, are created Knights of the Order of St. Michael. Sir George, Chief Justice of the Supreme Court of Ontario, and Henry Kelly Egan, manufacturer of Ottawa, are made Knights of the Order of the British Empire. Sir John A. Macdonald, former Prime Minister of Canada, and Charles Jerome Jones, assistant secretary to the Governor-General, are made Companions of the Order of St. Michael and St. George. The general list of honours includes peerages for five prominent British politicians. These are James Bryce, former Ambassador at Constantinople, is created a baronet. The new knights include Owen Stanman, editor of Punch since 1886, and Countess Walter Benetti, Consul-General at New York.

The Order of Merit is granted to Sir Archibald Colquhoun, President of the Royal Society. The elevation of Mr. Bryce to the peerage is endorsed everywhere as a worthy reward to his labors as Ambassador and in other fields. Lord Emmott, Under Secretary for the Colonies, is promoted to a formal membership of St. Michael and St. George, and William Boardman, head of a well-known engineering and machine firm, is created a baronet.

Only one Parliamentary victory is cited by the honours, that of the Conservative Division of Buckingham, where Sir Alfred Cripps has represented the Unionists for the last twenty-eight years.

The whole list comprises five peerages, five Privy Counsellors, six baronets, twenty-two knights, and an enormous number of decorations and promotions to the various orders in the house, Indian, colonial and civil services. Ernest Rutherford, discoverer of the physical laboratory of the University of Manchester, is among the new knights.

"THE CANADIAN HONORS." Sir Francis Langford, who has had the letters K.C.M.G. added to his name, was born at St. Basile, Que., in 1838. He was a member of the Ontario Parliament from 1871 to 1878, and is a former member of the Privy Council. He was appointed a knight in 1888 and Lieutenant-Governor of Ontario in 1894. His knighthood was conferred in 1907.

Sir Douglas Cameron, K.C.M.G., was born at Yorkville, Ont., in 1847. He is a former member of the Legislative Council of Manitoba, and has been Lieutenant-Governor since 1911. He was knighted in 1907.

Sir Horace Archibald, was born at Assumption, Que., in 1837. He is a former professor of Law at the University of Ottawa, and a former Attorney-General of Ontario. He was made a knight in 1908.

Henry Kelly Egan was born at Arden, Que., in 1848. He is at the head of an important lumber company and has other large financial interests. Aubrey White, C.M.G., is 63 years of age. He is Deputy Minister of Lands, Forests and Mines for Ontario, and has been in the Provincial service since 1876, when he entered the Government employ as a forest ranger. In 1900 he was appointed chief clerk of the Forestry Branch of the Crown Lands Department, and since then has been Deputy Commissioner of that department. He was Grand Master of the Ontario Lodge of Masons of Canada in 1911.

Charles Jerome Jones, C.M.G., assistant secretary to the Governor-General, is of C. E. L. stock. A son of the late Ralph Jones. He was born in Port Hope in 1846, and graduated from the Trinity University in 1868. After five years' teaching at Port Hope, he entered the Government service in 1870. Mr. Jones was created the Privy Council member in 1907.

TUBERCULOSIS

Its Cure and Prevention of Great Importance.

The essentials in the cure of tuberculosis are: Rest in the fresh air, tubercle, cleanliness and wholesome food. These constitute the environment of the patient at the Mountain Sanatorium, which is under the control of the Hamilton Health Association.

It is true that these conditions can be had in many ways, but the patient having tuberculosis does much better under Sanatorium care and supervision. When tuberculosis is in its early stages, the patient has a feeling of well-being for a short time, and in gaining weight, it is difficult to persuade him that he is not as nearly cured as he thinks. In some cases a real cure is effected in the remaining quick in bed for six months or a year, after the temperature and pulse have become normal, and where this is necessary the "hot cure" patient becomes dependent and cannot recover, but in the Sanatorium the patient is continually being encouraged to fight to a finish because of the progress of other around him.

The "hot cure" patient is ever subject to the active of friends and sympathies, elevating the lives of the patient and his family, which are on the market. Such a patient is easily led to shorten the lives of others who use them. There has never been a medicine prepared that has proved to be a cure for tuberculosis, and the only remedy for the disease is what is sometimes termed as "the simple life." Then only in direct proportion as a patient lives on this simple or sanatorium life he will be expected to live.

In such cases where it is necessary for the patient to take home treatment, the Hamilton Health Association, through its dispensary at 67 West street, north, and its visiting nurse renders assistance and gives free of charge to all who are unable to pay a physician. In this way an early knowledge of the presence of tuberculosis may be gained, and thus greatly adding to the chance of recovery.

In previous writings it has been stated that tuberculosis is not hereditary, and that it is a curable disease, when taken in time and rationally treated. These facts being true, it is simply possible to prevent and eliminate it, let us consider some of the habits one might desire to bring about in himself.

First, the consumption should be taught to develop every part of the system. This is imperative if tuberculosis is to be stamped out, as it is rarely contracted in any other way. Second, the consumption should be taken free, clear or in built ventilated rooms. Many people are not in a position to take the required amount of outdoor recreation during the day, but if they are so disordered as to be unable to do so, and in this way, without any loss of time from their duties, they can take much of their recreation there.

Many people are not in a position to take the required amount of outdoor recreation during the day, but if they are so disordered as to be unable to do so, and in this way, without any loss of time from their duties, they can take much of their recreation there.

sleeping in the open air, if given plenty of warm bedding and a comfortable room in which to dress, one can overcome this problem at any time, without doing himself injury. Third, the consumption should discover the disease early, or in its closed stage and take such measures as are necessary in removing the source of infection to others. Fourth, in the prevention of tuberculosis it is necessary that the whole community possess a knowledge of the nature of the disease. "If I had only known" is the cry of every consumptive. In the whole children should early be taught that tuberculosis is communicable and preventable. Health is the most important factor in man's career, and this being the fact, surely more time should, early in life, be devoted to the study of the laws of health. Before one can live in accordance with the laws of health, he must have a knowledge of them, and when he has this he is enabled to keep his body in such physical condition as to enable him to resist the germs of infectious diseases. Fifth, "temperance in all things" means much in the stamping out of the white plague.

Every citizen of Hamilton is either co-operating with the Hamilton Health Association in eliminating tuberculosis in our city and country, or is doing the alternative, causing the levelling of the disease to fasten themselves upon others, thus making the disease more prevalent. In the foregoing will be noted ways and means of doing either, and Capt. Attridge has written a book which contains a series of chapters glowing with vivid historical writing and illuminated by carefully drawn battle plans. Benson-Joyous Guard and Other Papers, \$2.45.

The citizens of Hamilton can avail themselves of an opportunity of striking a hard blow in this campaign on Thursday next, at the poles, in casting their votes and using their influence in support of the Hamilton Health Association by law to provide funds for the urgent necessity of insulating the victims of this communicable disease and in carrying out such curative and preventive measures.

There are now many advanced cases in the city because all accommodation for some time been taken up by new cases have had to be added to the waiting list. If this matter continue it is evident from what has been said in these papers that tuberculosis will soon be more prevalent than it is today. If each person takes the care of his own life and human suffering will far exceed the sum of \$10,000 that is now being voted.

The only adequate plan for the future if human life is to be considered is that which has as its aim the protection of the children of our city. It has been explained in these papers that most cases are first infected during childhood, and that the most vulnerable period in life is childhood, and that no child should be left in the house with an advanced case of tuberculosis, so even this campaign is really for the benefit of the children of our city. Then the views that might well be laid down in terms of the child are:

1st. Treat every advanced adult case, curable or incurable, that he may never become a child.

2nd. Treat every innocent adult case that you may not die disease until before he can become a distributor of infection.

tion and thus a danger to children. 3rd. Treat every child while still a child, because if the disease is cured in childhood it is more likely to stay cured than if neglected until adult years are reached.

In this way you are conserving the strength and increasing the efficiency and happiness of the growing child. If these three rules were carried out to the full for a decade the next generation would have been off the streets of the white plague.

SUNDAY CARS CARRY

A bylaw to authorize the operation of street cars on Sundays was carried by more than two to one, despite the vigorous opposition of the Ladies Day Alliance and other religious bodies. The bylaw will be finally ratified by the council at the first regular meeting in the latter part of the month, and the service will probably be inaugurated on the first Sunday in February.

The citizens, chiefly because of recent troubles in Bradford, Galt and other places, by a majority of 121, rejected the proposition to bring natural gas.

Chicago team won—Smith Knocked Out Pelky—Bern Beat Centennials

Centennials lost to Bern Aggregation

Local Team Played Well in First Period, But Lack of Condition Soon Told.

The Centennial hockey team journeyed to Berlin yesterday afternoon for a game with the local team. The Berlin team was defeated by a score of 10 to 6. The team left Hamilton yesterday afternoon about 4:30 in automobiles and arrived in Berlin shortly after 6 o'clock, and after luncheon they were given the use of the rink for about one hour. The local team, despite the fact that it was their first appearance in this season, put up a very strong game, and for the first two periods they were very interesting for the home team, but the lack of condition soon told, and before the final whistle had blown, Berlin had ten goals and a four-point margin over the local crew. In the first period the Centennials went into the game with a skilled hand, and the work of McKenna and Langman made the fans sit up and take notice. The home crew scored the first goal, but the Hamilton team came back shortly after this with the point that tied the score. Then the excitement was intense. Fully fifteen hundred people turned out to see the game, and when they saw the team that represented Hamilton working right, they began to worry, but the home team was in form, and the visitors could not stand the heavy going after the second period. However, the Centennials were in good condition when they would certainly have gone away with a win, but as has already been stated, the going was too fast, and in the final period they were being outplayed by the home team. The local team was in a much better game, and it would not be surprising at all if Manager Auer had collected his team from Berlin at any place after they got into condition. "Mac" Mack's team was a very strong team for the Centennials, and the way that the well-known puck chaser got around the local team, and the right from the drop of the hat, he went into the game with good intentions. He had the Berlin players working for a long time. Langman was another star player and he played very well. The game was a very close one, and the team lined up as follows:

Hamilton—Goal, McKenna; right defense, Palmer; left defense, Cook; right defense, Langman; center, McKenna; left defense, McKenna; right wing, Cook; left, McKenna. Berlin—Goal, Hanworth; right defense, Trushinski; left defense, F. Seibert; right, Harry Bostwick; center, McKenna; right wing, McKenna; left, McKenna; left wing, McKenna; left, McKenna. San Francisco, Jan. 2.—Gumbat Smith, the California heavyweight, scored a decisive victory yesterday, when he knocked out Arthur Pelky, the much-heralded Canadian fighter, in the fifth round of their "white hope" championship battle in the Daly City Open Air Amphitheatre. The fight opened with the usual foreing matters with snappy lefts to the face, but Pelky, making his first fight in the ring, drew in several hard rights to the body and face and staggered Smith and sent him reeling. The crowd cheered the Canadian, and he was made at events that he would win.

In the second round Smith came heavily to the jaw, and in the third Pelky was knocked down by a right to the jaw. Round four and five were won by Pelky, but in the sixth Smith was dropped to the front and thereafter was never in danger. In this round he fought the Canadian to a standstill with lefts, upstaging, sending him to his corner dead and bleeding from the head.

Smith continued to gain confidence as the fight progressed, and during round five he landed a right to the jaw, which knocked Pelky down. Pelky was up, but he was not in a position to fight, and he was sent to his corner. Pelky was up, but he was not in a position to fight, and he was sent to his corner.

with right and left to jaw. Smith came back and fought desperately. Pelky poked a right to jaw and Smith replied with a right to jaw and left to body.

Round 12—Smith staggered Pelky with a right and left to jaw, coming out of a clinch. Pelky recovered quickly, Smith stopped a right and put left to Pelky's jaw, who stood looking at him helplessly. Pelky was then clinched, and he worked Pelky over to his own corner and sat down as the bell rang.

Pelky had a chance to make in but he overlooked it. Pelky sent a short right to jaw and Smith landed a left to right nose. He landed another right in the clinch that followed. Smith sent a right to jaw and Pelky landed a left to the body. Smith landed two good lefts to the body, but he left to jaw was knocked. They mixed with body hands, and Smith clinched. Smith landed two hard rights to the jaw and Pelky was up, but he was not in a position to fight, and he was sent to his corner.

Chicago University Defeated Y Team

Visitors Were Too Heavy for Local Bunch and Won 36 to 25.

The defeat that the local Y. M. C. A. basketball team suffered at the hands of the Detroit quintette last Saturday night, did not spruce them up enough to enable them to land the fast Chicago University five a drubbing when they gave out a good game for the local team. They were simply outclassed, the latter team winning by a score of 36 to 25.

London, Jan. 2.—Bainbridge Blake, the English heavyweight, scored a decisive victory yesterday, when he knocked out Arthur Pelky, the much-heralded Canadian fighter, in the fifth round of their "white hope" championship battle in the Daly City Open Air Amphitheatre. The fight opened with the usual foreing matters with snappy lefts to the face, but Pelky, making his first fight in the ring, drew in several hard rights to the body and face and staggered Smith and sent him reeling. The crowd cheered the Canadian, and he was made at events that he would win.

In the second round Smith came heavily to the jaw, and in the third Pelky was knocked down by a right to the jaw. Round four and five were won by Pelky, but in the sixth Smith was dropped to the front and thereafter was never in danger. In this round he fought the Canadian to a standstill with lefts, upstaging, sending him to his corner dead and bleeding from the head.

Smith continued to gain confidence as the fight progressed, and during round five he landed a right to the jaw, which knocked Pelky down. Pelky was up, but he was not in a position to fight, and he was sent to his corner. Pelky was up, but he was not in a position to fight, and he was sent to his corner.

At Least \$30,000 Worth of Goods Must Be Sold In 15 Days

THE TIME IS SHORT, HENCE THE PRICES WILL BE EXTREMELY LOW

You have the word of Begg & Shannon that this is something more than an ordinary sale. The reason is the necessity for reducing our stock a great deal. Never in our clothing experience have we gone through such an unusually mild season, and being overstocked in every department we must unload without delay.

The time is short—quick action is what we want and must have—hence prices will be extremely low—probably the lowest you have known in years. Don't doubt—investigate the truth of this statement. Don't hesitate—come quick and find out that this is the greatest sale ever held.

The store is closed all day to-day, Friday, January 2, to enable us to get the goods all marked down to Big Ben Bargain prices, and rearrange the stock. When the sale opens at 9 a. m. to-morrow, Saturday, January 3, everything that could be done to make the prompt and satisfactory handling of the crowds possible will have been done. We will have plenty of good, competent, trustworthy clerks who will take pains to see that you are satisfactorily served. Everything will bear a ticket with the sale price marked in plain figures, and this will be the lowest price ever quoted on an article of equal worth. \$30,000 worth of goods must be sold in fifteen days. We know there is only one way to do it—make the prices so ridiculously low that people will come from far and near and supply not only their immediate needs, but future needs for many months to come as well.

BEGAN THE NEW YEAR WITH PRAISE TO GOD

Watchnight and New Year Day Services In
the Churches.

Fine Sunday School Rally of the Methodists
— Baptist Y. P. U.

Hearths and edifices were filled among the churches as the old year ticked off its closing minutes and gave way to 1914 with its joys and uncertainties. Not even the festive demonstration of thousands on the city's main thoroughfares had significance equal to that within the walls of Hamilton's diverse worshipping places as citizens of every standing bowed their heads in silent thought or listened to the inspiring prayers of clergy and laity. While in some of the churches services were not held until the morning, many were open at midnight to allow parishioners to welcome the new year with united prayer. Excellent thoughts upon the festive occasion were uttered by the clergy, all joining, however, as the clock reached the final moment of 1913 with their congregations in powerful contemplation. The solemnity everywhere was of the loftiest, and inspiring to many who visited churches other than their own.

IN BAPTIST CHURCHES.
The Baptist denomination of Hamilton welcomed the advent of the new year with song and prayer in the usual manner, watchnight services being held in Stanley avenue and Victoria Avenue Churches. Many of the Baptists of other churches attended these services.

Yesterday morning the annual Young People's Rally was held in James Street Baptist church, all of the Y. P. U. societies of the city taking part and this meeting, too, was one of encouragement and cheering.

The watchnight service in Stanley Avenue Baptist church commenced at 10:30 and was a mission and much time was given to consideration of this matter, in regard to distributing information as to the necessity of such a missionary and work he could do.

Walter Fletcher, chairman of the missionary committee of the church, addressed a splendid address, and much work, after which hymns were sung until a few minutes before the midnight hour when the New Year was heralded with silent prayer for the work of the coming year and thanksgiving to God for the blessings of the dying year.

In Victoria Avenue church the service was of a slightly different nature. The men of the church held a business meeting from 8 o'clock, lasting for an hour, during which time they gave consideration to the campaign of canvassing every member, which is to begin shortly. This was followed by a general meeting given over to relating Christian experiences, and a light luncheon was served by the church. Rev. Mr. Veale of Parke Baptist Church had delivered the sermon, and the final hour of the old year was devoted to consecration, the new year being entered in amid prayers for guidance during the year 1914.

The annual Rally in James Street Baptist church, yesterday morning, was an enthusiastic one and the auditorium of the church was well filled. During the service the honor banner presented each year to the Y. P. U. church, during the past year, had received the largest attendance according to percentage and which was represented by the largest attendance at the rally, was handed to Kensington Avenue Baptist church society, the presentation being made by A. C. Weaver.

The programme of the meeting included scripture reading by Rev. W. M. Corkery, M. A., and prayer by Rev. J. W. Salmon. Mr. James Somers, superintendent of James Street Sunday School, then reported on the school's work. The report of the school was very alluring and showed that every school member had been present at the different societies during 1913. Mr. Somers extended greetings to sister societies and Mr. J. S. Harker, conference secretary, from the Methodist conference, then reported on the work of the conference. The object of the union is the cultivating of improved teaching to the teachers and scholars in the Sunday School, promotion of establishing and strengthening of mission schools in the city and suburbs and other interests.

PRESBYTERIAN CHURCHES.
Watch night service was held in some

of the Presbyterian Churches Wednesday night. A few, however, held service yesterday morning at 11 o'clock. Watch night service was conducted in Knox by the pastor, Rev. S. B. Nelson. Mr. Nelson spoke briefly on the coming year, and likened it into a clean sheet, and that we could keep that sheet clean or blot it. Services were also held at Calvin Church, Rev. R. T. Cookham conducting the service. A large crowd turned out at St. Andrew's Presbyterian Church to see the old year die. Songs were sung while the old year was on the wane.

Rev. A. H. McGillivray conducted the service in St. John's Church, and many of the congregation were present. Eskine Church held a song service, and many beautiful anthems were rendered by the choir as the old year was dying. The balance of the Presbyterian Churches held yesterday morning.

INSPIRING CATHOLIC SERVICES.
Myriad delicate glowing incandescent lights bathed the sanctuaries of the Catholic Churches New Year's morning in a flood of brilliance, glittering on the golden vestments of the clergy, and throwing into striking relief the wondrous flowers adorning the altars. Three masses were held in all parishes, and large numbers were in attendance at each. There were few sermons, the priests conducting mass in their individual parishes.

ANGLICAN WATCH SERVICES.
Those who attended the services held in the Church of the Ascension had the pleasure of hearing excellent music rendered by the choir, of spending a few moments in silent communion as the old year softly faded into the new, and of hearing a stirring address by Rev. Canon A. Hewitt, who took as his topic of his sermon, "Looking at Jesus."

At St. Peter's, Rev. J. W. Tenkyle, throwing into the light the story of the Highways, outlining St. Paul's life as a Christian life. He told of the race for Christianity—a race which must be run; indeed, requiring a concentration of all energy.

The Anglican strives for a crown of righteousness, and all can be winners of the prize, providing they concentrate every effort to attain it, said the speaker, and in concluding, told of the stadium scenes at ancient Rome.

Rev. Canon Davey, of St. John the Evangelist, conducted a devotional service. Hymns were sung and prayers offered for success throughout the New Year. In a short address, he gave the thought, "Let 1914 be a year for forgetting things that are behind, and a year for stretching for the things that are before."

At Christ's Church Cathedral, Rev. Alrick Judd delivered an address on the thanks due the Maker for the many good things of last year, and the good, clean, Christian fellowship that could be brought out in the year coming by giving each thought to God.

Rev. W. J. McDermott spoke at St. Mark's; Rev. C. A. Sparling, at Holy Trinity, Cheltenham.

Rev. Canon Hewitt spoke briefly at the regular Wednesday evening prayer meeting of St. George's. No midnight services were held at St. Thomas'; St. John's; All Saints'; St. George's; St. Philip's; or St. Margaret's.

METHODIST RALLY.

It was a magnificent spectacle which met the eyes of those who were fortunate enough to be present at Centenary Methodist Church yesterday morning, where there was held the annual Methodist Sunday school rally. The building was almost filled. After the hymn, "Forward Christian Soldiers," had been sung, and prayer offered by Rev. S. E. Larzer, the chairman, J. Orr Callaghan, made a few remarks, in which he wished all present a very happy New Year, and said he was sorry that the building was not full to overflowing.

C. P. McDermott, president of the Y. P. U. Association, also gave a hearty welcome to the Sunday schools represented. Rev. E. E. Bowser, M. A., read a passage of scripture, and Rev. Geo. H. Williams, he pastor of the church in which the rally was held, welcomed all present. He said he was practically a stranger to many of those who had been receiving hearty welcomes himself for the past few months, and extended a hearty welcome to the teachers and scholars of the Methodist Sunday schools there gathered together. He spoke of the prizes in the Kingdom of heaven and the choicest life before you. "Today it was recognized more than ever in the past, that the training of childhood in good things was of tremendous value. As Queen Victoria said when she was shown the line of succession to the British throne, 'Well, I may be queen, and I must be good if I am to be queen,' so she urged the children to be good as kings and princes in the kingdom of heaven."

The roll call was responded to by Sunday school scholars from the following churches: Centenary, Wesley, First, Zion Tabernacle, Simpson street, Charlton avenue, Essex street, Barton street, A. M. E. Church, Kensington avenue, Ryerson, Garth street, Lake church and Mount Hamilton.

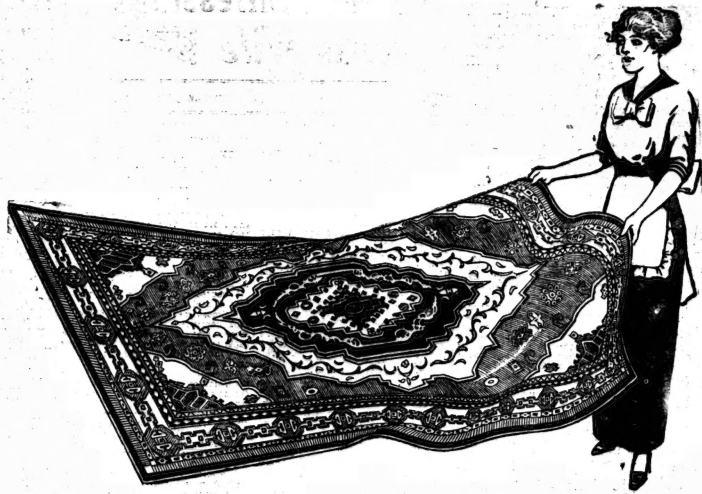

A specially hearty welcome was given to the A. M. E. Church, and the chair was remarked on the large number of Sunday school scholars on the roll of Barton Street Church, saying that great credit was due to Rev. Mr. Livingston, ex-Ald, Lalond and C. P. McGregor.

Lake Church Methodists were welcomed as newcomers to the rally.

The responses were nearly all given by the scholars singing choruses; some repeated verses of scripture, and the response of Zion Tabernacle was given in the form of a recitation by Roy Dorsey.

W. J. Cunningham and Rev. C. O. Johnston gave short addresses, dwelling on the great importance of Sunday school work, and the hope of greater progress during the coming year.

Greetings were given to the rally by Rev. F. E. Hewitt on behalf of the Anglican Church Sunday schools, by Rev.

QUIET NEW YEAR

Theatres Were the Chief
Attraction of the Day.

New Year's Day passed off very quietly in Hamilton. There was nothing of an exciting nature to attract attention and so, the residents did not appear on the streets in large numbers at any time during the day.

Of course the theatres received usual holiday support and the vaudeville houses and the Grand were sold out several days before the holiday.

Many Hamiltonians had left the city for over the first, while others remained in their homes all day or called on friends, enjoying family parties of a private nature. The residents were quiet. Those who found out the results, other than the few on the streets, phoned the different newspaper offices and every telephone in the Times building was kept busy until after midnight. A fire alarm bulletin service had been arranged for and its benefits were enjoyed by the thousands of Hamiltonians, both Liberal and Tory, who desired the first news of the results.

The New Year's Eve celebrations were, as usual, a little noisy and at the midnight hour many factory whistles and house producers let go a blast that was heard all over Hamilton. There is little doubt but that the few hundred chaps who congregated at King and James streets and around the city hall will be as hoarse as crabs for several days, for they shouted loud enough.

The fire loss will probably reach \$100,000, only partially covered by insurance.

At one time it appeared as if the entire block bounded by St. Louis Square, Laval Avenue, Sherbrooke Street and Boulevard St. Denis was doomed, as the water pressure at best was very weak. It gave out entirely when the firemen had the configuration well under control, and the flames burst forth with renewed vigor.

USE SNOW ON FIRE

Another Big Blaze in Montreal
Trig Residences

Montreal, Jan. 1.—Seven families living in the two-story apartment house on No. 26 to No. 36 St. Louis Square which is within the water famine district, were displaced this afternoon.

Three substantial residential structures arrived on the scene before a line of hose nearly a mile long sent the first dribbling stream into the flames.

A second and third stream followed in the next half hour, cutting the use of about 15,000 feet of hose. In the meantime, firemen and volunteers shovelled snow from the surrounding streets and used it through windows in the scolding mass of flames.

Chief Tremblay had a supply of dynamite on hand, but the work of
